ABBOTT, Albert Holden : Professor, Philosophy - U. of T. : January, 1919 - June, 1919 (001)

January 8th, 1919

Dr. A. H. Abbott,
Resources Committee,
Toronto.

Dear Dr. Abbott:

Your letter opens up quite a large question which will probably come up for consideration at Ottawa at a Committee which I am to attend next Tuesday. Unfortunately one of the questions involved in it is the relations of the Federal and the Provincial Government, although I suppose what you refer to would be rather a matter of Arts work than general business training. However, I intend to speak to some of our men about this matter before long.

With kind regards, I am,

Yours sincerely,

President.

Toronto.

Dear Dr. Abbott:

I will lay your letter with its proposal for a business course before the Board of Arts Studies at its first meeting in order that the matter of the course which you propose may be fully considered.

The course that we have in Commerce and Finance as I told you was inaugurated a good many years ago after consultation with some leading men in the city. I am not sure now far it would be possible to carry out the proposals that are made with regard to other business courses. However, we will look into the matter as soon as possible.

With kind regards, I am,

Yours sincerely,

President.

Professor A. E. Abbott,

Toronto.

Dear Professor Abbott:

Last July a bonus of 10% was given to all those on the staff who were doing full-time work, but no bonus was given to those who were absent on half pay. The purpose of the half pay for those who were absent on war work was simply supplementary.

If you will write the bursar he will send you pamphlets regarding the new arrangements of the Carnegie Foundation together with the annuity scheme as he has the supply. I am sorry that I have none that I can send you.

Yours sincerely,

President.

My dear Sir Robert:—

Accept my thanks for your kind note informing me of the action of the Executive Committee of the Carnegie Foundation regarding the earlier years of my service at the University.

I should be interested in learning which year they accept as the beginning of my service in counting toward a retiring allowance. If not too much trouble would you be kind enough to let me know.

Yours faithfully,
Albert H. Abbott
